

1. What do you know about tumbleweeds? What do you want to know? Fill in the first two columns of this chart:

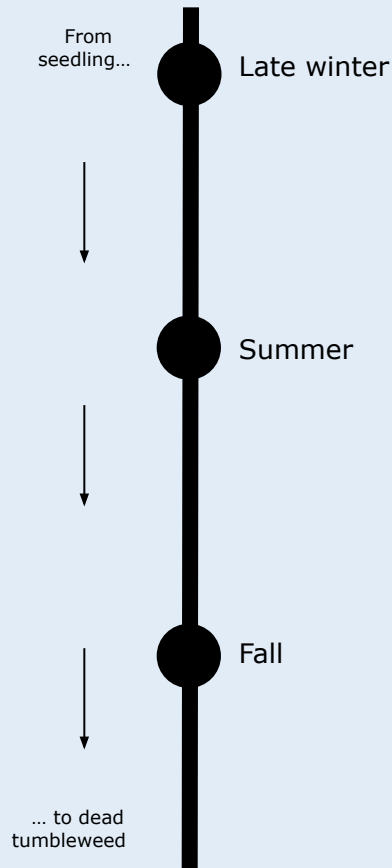

KNOW	WANT TO KNOW	LEARNT

2. Before watching a video about tumbleweeds, can you label the following picture with the main parts of a plant?

3. You are now going to watch a short video about tumbleweeds. As you watch:

- complete the line below and explain what happens at each time of the year
- get ready to complete the **LEARNT** column in Activity 1!

4. Alex wakes up one day only to find that his house has been invaded by tumbleweeds! Chat to him and find out how it happened and how he solved the problem. Use the following chart as a guide and write down the answers. Think of three other questions that are not in the chart:

1. time	2. day	3. home alone?	4. initial reaction
5. description of the invasion	6. any damage?	7. help from other people	8. solution(s)
9. how long it took to solve it	10. feelings	11. consequences of the invasion	12. anything positive?
13. advice to someone in a similar situation in the future	14.	15.	16.
